### **About the Event**

Homefull invites you to be a part of our "Building a Better Future" fundraising gala. This unique event brings together community leaders, philanthropists, and advocates to support our mission of ending homelessness and providing sustainable solutions in Dayton and the surrounding areas.

### **Our Mission and Vision**

Homefull works to end homelessness by providing housing, services, advocacy and education. Food. Our vision is a community where there is no homelessness. Homefull was founded in 1988 by Sister Dorothy Kammerer and other committed volunteers as The Other Place, the community's response to needing another place for the homeless to go during the day. Since then, and after changing its name to Homefull in 2010, we have grown significantly, and we have taken a comprehensive approach to addressing poverty in general, which is the root cause of homelessness. We believe our mission is best achieved by fostering a culture that values people, strengthens our workplace, and drives meaningful impact. Cultivating a welcoming and dynamic environment requires an ongoing commitment, reflected in our organizational culture, values, and daily work.
